I wasn't forwarded the agenda until this morning. It started at 10, so you might be able to audio tune in now from the city's website.

Subject: Taxi update

Morning-

The extra holding space for taxis on Alverstone was opened this week and Seleta Reynolds, the DOT General Manager, gave instructions to all the taxi company managers Tuesday to direct their cars there. Additionally, at this morning's Taxi Commission meeting there is an agenda item updating the commissioners on the situation with LAX for their info and input.

Will keep sending updates....
